Italian Superyacht Forum and Superyacht Captains' Forum doors open in one week

By [Rebecca Taylor](#) | [Other articles by this author](#)

The programme's been set, the speakers confirmed and the content has been generated. This year's edition of the Italian Superyacht Forum (ISF) and Superyacht Captains' Forum (SCF), in association with the Yachting After Sales and Refit Experience (YARE) will pack a punch during this one day event on 4 February in Viareggio.

The keynote session, entitled "Examining the Refit Market in Italy" will see six industry experts take to the stage to debate and discuss the issues with The Superyacht Group's News Editor, Will Mathieson chairing the event. Amongst those on stage will be Giovanna Cabbia, senior associate at Clyde & Co.; Filippo Censi, technical and customer care manager at Amico & Co.; Sales Coordinator of Lusben, Marco Nuovo; Director of Projects at Compositeworks, Rob Papworth, Dario Savino, member of the board of directors at Italianyachtmasters; and Ezio Vannucci, partner at Moores Rowland Associati. Keen to examine the current issues with completing a refit in Italy, panellists will ultimately answer the question - if Italy is the leading manufacturer of new builds, can the same be said for refits?

Following a networking lunch break, delegates will be able to choose from four different breakout discussions, with the opportunity to swap later in the afternoon. Topics and moderators include: Paint and Application facilitated by Rory Marshall of Newmar Overseas; Tax and Administration with Ezio Vannucci; Dario Savino leading the Communication and Project Management discussions; and Life cycle management, and Service costs to be facilitated by Alessandro Gallifuoco of Benetti.

Another year of discussions focused solely on the Italian refit market will be concluded with plenty of networking opportunities over dinner.

The event will again be held at Viareggio's Principe di Piemonte Conference Centre. For more information about the Italian Superyacht Forum and/or the Superyacht Captains' Forum, please contact Project Manager Emma Tower at emma@thesuperyachtgroup.com or on +44 (0)207 924 4004.
